Most of our elk and mule deer hunts take place in primitive weapons areas where the quality of game is above average, but the quantity of game may be lower than in other areas. The photos in our brochure represent the best animals taken that year, and in previous years, and not the average harvest. All hunts are for free ranging animals. Success often requires hard work and determination, and it is not guaranteed.

**ALL NON-HUNTING GUEST FEES ARE 50% OF THE HUNT FEE
PRICES DO NOT INCLUDE TAX OR LICENSE FEES.**
